Explanatory notes—Summary table 6

TABLE I.—Summary by Provinces of Statistics of Principal Interest 8- 9

TABLE II.—General Statistics 10-17

Area; Estimated Population; Years of Incorporation; Assessed Value of Taxable Property; Assessment of Incomes for Municipal Income Tax; Taxation Rates; Value of Exemptions of Lands and Buildings; Mileage of Streets; Mileage of Sidewalks; Mileage of Streets lighted; Mileage of Sewers.

TABLE III.—Waterworks and Fire Department 18-25

Waterworks—Source of Supply; Year built or purchased; Value of System; Water supplied to System during year; Daily consumption per capita; Reservoirs and standpipes, number and capacity; Mains, mileage of.

Fire Department—Total Staff; Pumping engines; Vehicles; Ladders; Hose, length of; Value of equipment; Fires during the year.

TABLE IV.—Receipts 26-41

Compulsory Taxation classified; Licenses; Municipally owned Public Services; Fines, forfeits and escheats; Sales, Rentals and Leases of Buildings and Lands; Grants, Subventions and fees for Education; Sinking Funds and Interest thereon; Refunds; Miscellaneous Receipts; Total Ordinary Receipts; Extraordinary Receipts including Debentures, Bonds or Loans, Interest, Discount and Exchange and other; Grand Total all Receipts.

TABLE V.—Expenditures 42-57

General Government including Officials' Salaries or Allowances, Construction and Maintenance of Buildings, Elections and Other Expenditures; Education; Health and Sanitation; Charities; Municipally owned Public Services; Protection of Life and Property including Police and Fire Departments; Streets; Sidewalks; Debt charges including Sinking Funds and Interest; Miscellaneous Expenditures; Total Ordinary Expenditure; Extraordinary Expenditure including Debentures or Bonds, Overdrafts and other; Grand Total all Expenditures.

TABLE VI.—Assets and Liabilities 58-65

Assets Available:—

Cash on hand at end of year; Sinking Funds; Taxes in arrears; Saleable Lands and Buildings and Public Enterprise Plants; Accounts receivable; Total Available Assets.

Liabilities:—

Bonded Debt; Floating Debt; All other Liabilities; Total Liabilities.

Notes explicatives 7

TABLEAU I. Résumé, par provinces, des principales données statistiques 8–9

TABLEAU II. Statistiques générales 10–17

Superficie. Population approximative. Année de l'incorporation. Evaluation des propriéts taxables. Revenus assujettis à la taxe municipale sur le revenu. Taux des taxes. Valeur des terrains et bâtiments exemptés de taxes. Longueur des rues. Longueur des trottoirs. Longueur des rues éclairées. Longueur des égouts..

TABLEAU III. Aqueduc et service des incendies 18–25

Aqueduc—Source d'approvisionnement. Année de la construction ou de l'achat. Valeur de l'ensemble. Volume de l'eau fournie durant l'année. Consommation quotidienne par tête. Réservoirs et pompes, nombre et capacité. Conduites proncipales, longueur en milles.

Service des incendies—Personnel. Pompes à vapeur. Véhicules. Echelles. Longueur des boyaux. Valeur du matériel. Incendies durant l'année.

TABLEAU IV.—Recettes 26–41

Taxation obligatoire classifiée. Patentes. Services publics municipalisés. Amendes, forclusions et confiscations. Ventes et locations de bâtiments et terrains. Allocations, contributoins et subventions pour l'instruction publique. Fonds d'amortissement et intérêt. Remboursements. Recettes diverses. Total des recettes ordinaires. Recettes extraordinaires, y compris émissions ou emprunts, intérêt, escompte, change et autres. Grand total de toutes les recettes.

TABLEAU V.—Dépenses 42–57

Administration, y compris traitement des fonctionnaires ou indemnités. Construction et entretien de bâtiments. Elections et autres dépenses. Instruction publique. Hygiène et salubrité. Bienfaisance. Services publics municipalisés. Police. Incendies. Rues. Trottoirs. Dettes, fonds d'amortissement et intérêt. Dépenses diverses. Dépenses extraordinaires, y compris émissions, découvert en banque et autres. Grand total de toutes les dépenses.

TABLEAU VI.—Actif et passif 58–65

Actif disponible—

Espéces en caisse à la fin de l'année. Fonds d'amortissement. Taxes en souffreance. Terrains, bâtiments et entreprises publiques vendables. Créances à recouvrer. Total de l'actif disponible.

Passif—

Dette consolidée. Dette flottante. Tout autre passif. Total du passif.

M215198

STATISTICS OF URBAN MUNICIPALITIES HAVING A POPULATION OF 1,000 TO 3,000

1920

PREFACE

The following report is the third of a series dealing with the statistics of Urban Municipalities. The first report dealt with cities having a population of 10,000 and over; the second with those having a population of from 3,000 to 10,000; while the present gives similar information for municipalities having a population of 1,000 to 3,000 on December 31, 1920.

As in the previous reports, schedules were sent from the Bureau to the secretaries and treasurers of the municipalities concerned, and in the majority of cases a willing response was obtained. There are approximately 280 towns of between 1,000 and 3,000 population.

The towns of Boucherville, Que.; and of Meaford, Parkhill and Prescott, Ont., did not make a return; while the information received from Disraeli, Que., was too meagre to be of service. In the case of the towns of Dalhousie, N.B., Lachute, Mont Joli, Pointe Claire, St. Alexis de la Grande Baie, St. Casimir, Ste. Marie de Sayabec, Terrebonne and Waterloo, Que.; Almonte, Georgetown, Huntsville, Napanee, Norwich, Oakville, Point Edward and Port Dalhousie, Ont.; Cardston, Alta. and Cranbrook, B.C., officials undertook to supply the return but were unable to do so before it was necessary to close the report. The Bureau received no reply from the towns of Amos, Baie St. Paul, East Broughton Lac au Saumon, L'Assomption, Rigaud and Roberval, Que.; Alexandria, Clinton, New Hamburg, and Palmerston, Ont.; Souris, Man.; Melfort, Sask., and Lacombe, Alta.

The populations of the municipalities reported herein being smaller than those dealt with in the previous reports, the municipal activities are not so extensively classified. As will be seen from the analytical index there are six tables in the report, the first giving a summary by provinces of the principal terms of interest; the second showing in detail the general statistics; the third comprising statistics of waterworks and fire departments; the fourth showing receipts; the fifth expenditures; and the sixth table dealing with assets and liabilities.

The report which completes the first series of urban statistical investigations has been compiled by Colonel J. R. Munro, Chief of the Finance Statistics Branch.

R. H. COATS,
Dominion Statistician.

Ottawa, December 15, 1921.

STATISTIQUES DES MUNICIPALITÉS URBAINES DE 1,000 À 3,000 HABITANTS

1920

PRÉFACE

Le présent rapport est le troisième de la série des rapports statistiques sur les municipalités urbaines. Le premier d'entre eux était consacré aux cités ayant une population de 10,000 habitants et plus; le second avait pour objet les groupements urbains ayant une population de 3,000 à 10,000 habitants, tandis que celui-ci présente des informations d'une nature similaire, se rapportant aux municipalités de 1,000 à 3,000 habitants, ce bilan étant établi à la date du 31 décembre 1920.

Ainsi qu'on l'avait fait précédemment, des questionnaires ont été envoyés par le Bureau Fédéral de la Statistique aux secrétaires et trésoriers des municipalités dont il s'agit, lesquels ont presque tous fourni avec empressement les informations demandées. Il existe environ 280 villes de 1,000 à 3,000 habitants.

Les villes de Boucherville, P.Q., Meaford, Parkhill et Prescott, Ont., n'ont pas envoyé de rapport; les données reçues de Disraeli, P.Q., étant insuffisantes ont dû être laissées de côté. Certains fonctionnaires, quoique désireux de collaborer à notre œuvre, n'ont pu nous faire parvenir leur réponse avant la clôture de ce rapport; dans ce cas sont les villes de Dalhousie, N.B., Lachute, Mont-Joli, Pointe-Claire, St-Alexis de la Grande Baie, St-Casimir, Ste-Marie de Sayabec, Terrebonne et Waterloo, Qué., Almonte, Georgetown, Huntsville, Napanee, Norwich, Oakville, Point Edward et Port Dalhousie, Ont.; Cardston, Alberta et Cranbrook, C.B. Enfin, aucune réponse n'a été reçue des villes suivantes: Amos, Baie St-Paul, East Broughton, Lac-au-Saumon, L'Assomption, Rigaud et Roberval, Qué.; Alexandria, Clinton, New Hamburg et Palmerston, Ont.; Souris, Man.; Melfort, Sask.; et Lacombe, Alberta.

Tout naturellement, les municipalités figurant à ce rapport étant de moindre importance, l'investigation fut moins étendue que dans le cas des cités plus populeuses. Ainsi qu'on le verra dans l'index analytique, ce rapport se compose essentiellement de six tableaux, dont le premier résume, par provinces, les caractéristiques essentielles de chaque municipalité; le second présente en détail les statistiques générales; le troisième est consacré aux services de l'aqueduc et des incendies; le quatrième indique les recettes, le cinquième les dépenses; enfin, le sixième présente le bilan par actif et passif.

Ce rapport, qui complète la première série de notre enquête sur les statistiques municipales, a été compilé par le Colonel J. R. Munro, chef de la section de la Statistique Financiére.

R. H. COATS,
Statisticien du Dominion.

OTTAWA, 15 décembre 1921.

EXPLANATORY NOTES—SUMMARY TABLE

In the presentation of the following summary table of statistics of principal interest, the total number of towns making returns from each individual province is shown in the first line of the table. There are a number of instances, however, in which civic officials were unable to make returns for some of the items in their respective towns. It is well then to make note of the following points when comparisons are being drawn:—

In the case of areas, 2 towns in Nova Scotia, 1 in Ontario, 1 in Manitoba and 1 in Alberta gave "no records".

In the case of assessed value of taxable buildings, this item was included in land values in 47 towns in Quebec, 1 in Ontario, 3 in Manitoba and 1 in Saskatchewan.

Exemptions for buildings were shown with those for land, in the case of 12 towns in Nova Scotia, 1 in New Brunswick, 44 in Quebec, 11 in Ontario, 4 in Manitoba, 4 in Saskatchewan and 1 in Alberta, while "no record" was given for the value of exemptions for land and buildings for 1 town in Nova Scotia, 1 in Saskatchewan and 1 in British Columbia.

Concerning mileage of streets, 3 towns in Nova Scotia, 19 in Ontario 2 in Manitoba, 1 in Saskatchewan, 3 in Alberta and 3 in British Columbia failed to show any record, while mileage of sidewalks was not recorded in the case of 2 towns in Nova Scotia, 2 in Quebec, 14 in Ontario, 1 in Manitoba, 1 in Saskatchewan, 2 in Alberta and 2 in British Columbia.

"No record" was given for the length of streets lighted in 2 towns in Nova Scotia, 1 in Quebec, 15 in Ontario, 2 in Manitoba, and 2 in British Columbia.

In connection with the waterworks system, information was not available in the cases of 2 towns in Nova Scotia, 13 in Quebec, 10 in Ontario, 1 in Saskatchewan, 2 in Alberta and 3 in British Columbia, either because the system was owned by private corporation, or was operated under jurisdiction of a commission or other body.

With regard to the number of fires, this information was omitted by 1 town in Nova Scotia, 2 in Quebec, 1 in Manitoba, and 2 in Alberta.

NOTES EXPLICATIVES

Dans les tableaux d'ensemble que l'on trouvera plus loin, le nombre des villes de chaque province ayant répondu au questionnaire est indiqué sur la première ligne de chaque tableau. Il est cependant arrivé que des fonctionnaires municipaux n'aient pu fournir certaines des informations demandées. Nous jugeons donc utile de présenter les observations suivantes, à l'usage des lecteurs qui chercheraient à établir des comparaisons:

En ce qui concerne la superficie, 2 villes de la Nouvelle-Ecosse, 1 de l'Ontario, 1 du Manitoba et 1 de l'Alberta ont répondu "inconnue".

Quant à la valeur estimative des bâtiments assujettis à la taxe, elle se confond avec la valeur des terrains, dans 47 villes de Québec, 1 d'Ontario, 3 du Manitoba et 1 de la Saskatchewan.

La valeur des bâtiments exempts de taxe se confond avec celle des terrains jouissant de la même exemption, pour 12 villes de la Nouvelle-Ecosse, 1 du Nouveau-Brunswick, 44 de Québec, 11 d'Ontario, 4 du Manitoba, 4 de la Saskatchewan et 1 de l'Alberta; la valeur des terrains et bâtiments exempts de taxes était "inconnue" dans 1 ville de la Nouvelle-Ecosse, 1 de la Saskatchewan et 1 de la Colombie Britannique.

La longueur des rues n'a pas été donnée par 3 villes de la Nouvelle-Ecosse 19 d'Ontario, 2 du Manitoba, 1 de la Saskatchewan, 3 de l'Alberta et 3 de la Colombie Britannique; la même omission a été commise, en ce qui concerne les trottoirs, par 2 villes de la Nouvelle-Ecosse, 2 de Québec, 14 d'Ontario, 1 du Manitoba, 1 de la Saskatchewan, 2 de l'Alberta et 2 de la Colombie Britannique.

La longueur des rues éclairées était "inconnue" dans 2 villes de la Nouvelle-Ecosse, 1 de Québec, 15 d'Ontario, 2 du Manitoba et 2 de la Colombie Britannique.

En ce qui concerne les aqueducs, aucune information n'a pu être donnée par 2 villes de la Nouvelle-Ecosse, 13 de Québec, 10 d'Ontario, 1 de la Saskatchewan, 2 de l'Alberta et 3 de la Colombie Britannique, soit parce que l'aqueduc n'appartenait pas à la municipalité, soit parce que son exploitation était placée sous la juridiction d'une commission ou d'un autre organisme.

Enfin, aucune indication du nombre des incendies n'a été fournie par 1 ville de la Nouvelle-Ecosse, 2 de Québec, 1 du Manitoba et 2 de l'Alberta.

Urban Municipalities of 1,000 to 3,000 Population

[1]Compris avec terrains. [2]Inconnu. [3]Quelques fonctionnaires municipaux ont négligé de fournir des états détaillés, ce qui ne permet pas une parfaite concordance des chiffres. Dans les totaux de la province d'Ontario figurent les données suivantes, se rapportant à Amherstburg: Actif, $79,591.96; Passif, $79,132.17. Ceux du Manitoba englobent les chiffres suivants, concernant Killarney: Recettes, $35,306.36; dépenses, $32,661.03; actif, $25,680.90 et passif, $30,286.09. Dans l'Alberta, le passif de la ville de Hanna figure pour $41,518.15.
